

Jackson County Public Library in Ripley Presents:

Summer Reading Program 2022 ages 5-12

Oceans of Possibilities

This year, my programming will take place on Thursdays. If this does not work for you, I have a Facebook group up, which you can search for (JCPL- Ripley Kid's Summer Reading with Miss Mallory) and join.

June 9 – Week 1: Ocean Explorers Testing! The next 5 weeks will be all about exploring the ocean, and this week we are gonna be testing your ability to see, move, and interact with anything you may come across in the ocean. Oh, and can you actually “drive” our submarine?!

June 16 – Week 2: So, what’s a submarine look like, anyway? Well, you tell me! I’ll have all sorts of things for you to make the ocean explorer submarine of your imagination’s making!

June 23 – Week 3: Ocean Experiments! How do animals stay warm in the super col parts of the ocean? Are there really animals living near underwater volcanoes? How do currents work? Let’s find out! Bring your thinking caps!

June 30 – Week 4: Identifying Ocean Creatures... This one’s for the crafters! I will have all kinds of crafting materials, so we can make all sorts of ocean critters! Fish, clams, crabs, octopus, shark, jellyfish, and more!

July 7 – Week 5: Real Time Ocean Exploring! Now that we’ve done all of the exploring, we are going to check in on some real life ocean explorations, do some video surfing at some amazing aquariums, and learn a little about some of your favorite ocean creatures!

July 15 – Week 6: Lock-in! If you’ve turned in at least one reading log, you can come to this after-hours party! We will be playing some super fun games, crafting, and I’ll be handing out prizes your readers have earned!
